SOFTWARE DEVELOPER

I am a skilled Software Developer with expertise in creating innovative and scalable web applications. I hold a certificate in Business Administration and Management, which complements my technical proficiency in Java, WordPress, CSS, HTML5, Azure, and AWS. With over 1.5 years of hands-on experience at Dynamic DNA, I have developed and tested various software projects using Java. I am passionate about continuous learning and aim to evolve into a full-stack developer, leveraging my strong coding skills and teamwork abilities to deliver high-quality solutions.

EXPERIENCE

- SYSTEM DEVELOPMENT STUDENT**
Dynamic DNA
2022 - 2024
 - Developing and testing software projects using Java and other technologies
- WEB DEVELOPMENT MENTOR**
Dynamic DNA
2023 : October
 - Mentoring in web development for a short-term project.
- SHIFT SUPERVISOR**
Starbucks Coffee Company
2018 - 2022

As a Starbucks Shift Supervisor, I expertly managed store operations, ensuring top-notch customer service and efficient team performance. My duties included leading staff, cash management, inventory control, and resolving customer issues. I successfully opened and closed the store while motivating my team to meet sales goals. My strong leadership, communication, and problem-solving skills were instrumental in maintaining high operational standards.
