TEBOHO THULANI NYOMBOLO

Junior Full Stack Developer | Java, Spring Boot & REST APIs

Johannesburg, South Africa | 069 774 0322 | tebohonyombolo@hotmail.com | linkedin.com/in/tebohon-831684171 | teboho-nyombolo.github.io/Teboho

PROFILE SUMMARY

Junior Full Stack Developer with just over two years of hands-on experience building Java (Spring Boot) backend services and RESTful APIs, alongside C#/.NET and Angular front-end work, backed by a 92% overall academic average in Systems Development (91% in both Java and C#). Comfortable with unit and integration testing, code review, Git version control, and Agile ceremonies, with hands-on exposure to Docker, CI/CD, and Microsoft Azure. Actively building toward broader cloud-native and integration skills (Kubernetes, messaging systems, NoSQL), with a strong track record of picking up new technologies quickly.

AREAS OF EXPERTISE

Java & Spring Boot | RESTful API Development | C# & .NET | Angular | Unit & Integration Testing | Git Version Control | Docker & CI/CD | Microsoft Azure | Agile/Scrum Collaboration | SQL & Relational Databases

KEY ACHIEVEMENTS

- **Java & Spring Boot Delivery:** Designed and maintained RESTful APIs in Java (Spring Boot) powering production Angular applications, working across the full stack from database design through to UI.
- **System Stability & Testing:** Reduced recurring defects through consistent debugging, unit testing, and code review, contributing to an 80% improvement in system stability.
- **Cloud & DevOps Exposure:** Gained hands-on experience with Docker, CI/CD pipelines, and Microsoft Azure supporting infrastructure and deployment work.
- **Academic Distinction:** Achieved a 92% overall average with Pass with Distinction across every module of the National Certificate in IT: Systems Development, including 91% in both Java and C# programming.

PROFESSIONAL EXPERIENCE

Full Stack Developer, Shaper

Johannesburg Metropolitan Area | April 2024 – Jun 2026

- Designed and maintained RESTful APIs in Java (Spring Boot) powering production Angular front-end applications, working across the full stack from PostgreSQL database design through to responsive UI components.
- Reduced recurring defects through consistent debugging and code review practices, contributing to an 80% improvement in system stability.
- Collaborated in Agile ceremonies and peer code reviews, strengthening team delivery consistency and code quality.
- Gained hands-on exposure to Docker, CI/CD pipelines, and cloud platforms (AWS, Azure) supporting infrastructure and deployment work.

Full Stack Engineer, Proto Care (Pty) Ltd

City of Cape Town | October 2025 – June 2026

- Built backend services in C# and .NET supporting core application functionality and business processes.
- Designed and optimized SQL queries, improving data handling efficiency by 60%.
- Developed front-end UI components in Blazor as part of a full-stack .NET delivery approach.
- Supported debugging and resolution of production issues, working closely with senior developers in an Agile environment to keep systems maintainable.

System Development Student, Dynamic DNA

Randburg | January 2022 – November 2024

- Completed a National Certificate in IT (Systems Development); developed full-stack fundamentals, from data modelling to interface design, through practical Java, SQL, and web development projects.

Web Development Mentor, Dynamic DNA
Randburg | October 2023 – November 2023

- Mentored students in HTML, CSS, and JavaScript through one-on-one sessions and group workshops, guiding mentees through hands-on projects to build functional web applications.

Cyber Security Student, Hosi Technologies
Randburg | July 2023 – December 2023

- Built hands-on experience in cybersecurity fundamentals: threat identification, risk management, network security, cryptography, identity management, and incident response, through practical security assessments.

EDUCATION

National Certificate, Information Technology: Systems Development, Dynamic DNA, South Africa (2022 - 2024)
Overall average: 92% - Pass with Distinction in all modules (Java 91%, C# 91%, Web Development 95%, Ecommerce 95%, Project Management 95%, SQL 86%)

National Senior Certificate, Zimele Secondary School, South Africa (2011 - 2015)

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Oracle Certified Associate, Java SE 8 Programmer
- Microsoft Certified: Azure Fundamentals
- Microsoft Certified: Azure Data Fundamentals
- CompTIA Security+
